PROFILE

Frontend Developer with 2 years of freelance and project experience building responsive web and mobile interfaces with React.js, Next.js, TypeScript and React Native. Strong design-to-code skills with Figma and a solid UI/UX foundation. Focused on reusable components, maintainable frontend architecture and polished user experiences. M.Sc. candidate in Software Engineering, fluent in English, and currently learning German.

CORE SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap

Mobile: React Native, Expo, Expo Router, Reanimated, Zustand, AsyncStorage

State & APIs: Redux Toolkit, Context API, TanStack Query, REST API Integration

Design: Figma, UI/UX Principles, Responsive Design, Material Design, Design-to-Code

Tools: Git, GitHub, GitLab, Vite, Webpack, VS Code, Docker, CI/CD

EXPERIENCE

Freelance Frontend Developer | 2024 - Present

- Build responsive web applications with React.js, Next.js and TypeScript, turning product requirements into polished user interfaces.
- Convert Figma designs into reusable components and maintainable frontend structures across desktop and mobile layouts.
- Integrate REST APIs and manage client/server state with Redux Toolkit, Context API and TanStack Query.

SELECTED PROJECTS

Spendlly | React Native, Expo, TypeScript, Reanimated, Expo Router, Zustand, AsyncStorage

- Developed a personal finance app for tracking income and expenses with local persistence, structured navigation and smooth mobile interactions.

LibreMobileOS Website | HTML5, CSS3, JavaScript, Vite

- Developed a responsive product website presenting the operating system, its main features and supported device categories.

OEM Admin Dashboard | Next.js, TypeScript, Tailwind CSS, Vite

- Redesigned three administrative dashboards for an enterprise management platform with a clearer information hierarchy and modern UI.

AI Stack | React, TypeScript, Tailwind CSS

- Created a responsive AI-platform landing experience with reusable components and polished desktop/mobile layouts.
